Both parts

Evaluation

Written exam

The module « Management of microfinance institutions” is composed of two courses:

A) Microfinance from conception to management (Prof. M. Labie)

B) Contracting and microfinance products (Prof. J. Morduch and Prof. R. Mersland)

Two marks A and B must set the final mark C of the module.

- if A and B are greater than or equal to 8/20, then $C = (A + B)/2$

- if $A < 8/20$ or $B < 8/20$, then $C = \min (A,B)$.
